MOMENT OF TRUTH AT CENTER SCHOOL

More than a year of anticipation, fund-raising and planning has come down to the day of realization as volunteers from all over Mattapoisett began construction of the new playground at Center School on Saturday. Bright and early the workers began and these pictures show the early beginnings. As you pass by Center School at this moment you can see the results of this weekend. Congratulations are in order for the Committee headed by Tom Grondski and all of the workers who accomplished the result that the children will enjoy for the coming years.

Mattapoisett Selectmen's Meeting

OCTOBER 13, 1987-by VIRGINIA ARRAL

DOGS RESTRICTED FROM PARKS

A little known or enforced town by-law approved by a vote of 200 to 50 at the 1973 annual town meeting authorizes the Board of Selectmen to place restrictions on the areas of Shipyard Park, Veterans' Park and Town Beaches to exclude dogs.

The by-law was brought to light last Tuesday when Dog Officers Linda and Joseph Caton requested the Board restrict dogs from the town beach, the beach parking lot, Shipyard Park and Center School grounds.

Mr. Caton said he has received several complaints from residents and from the beach matron of dog messes on the beach. He said there is a particular problem especially during the summer months when residents walk their dogs on a leash through the grassy area of Shipyard Park where people sit and walk during band concerts and square dances.

The dog officer cited a complaint from an elderly lady who slipped on a dog mess and fell on the Legion Hall property.

The Board agreed to place signs in the restricted areas of the town beach, beach parking lot, Shipyard Park, Veterans' Park and Center School grassy areas. The dog officer should be called if an offense is seen, Selectmen Chairman John DeCosta said.

In other business, Selectmen:

APPROVED THE SELECTION of Mrs. Marlene O'Neill to the Mattapoisett Housing Authority for the balance of the term vacated by James A.

construction project at Tobey Hospital will take place.

The vote for the sign approval was 2 to 1, with Selectmen Chairman John DeCosta and Selectman William F. Hubbard in favor and Selectman Frank M. Suzan opposed. Chairman DeCosta said he is chairman of the fund-raising covering six towns and definitely favored the sign, saying he would do the same for any such organization. Selectman Hubbard noted he too would do the same for any group and, in the past, did allow signs for the Scouts and Jaws of Life fund-raising. Selectman Suzan cited as his reason for voting against the sign as having to give equal space for any group or hospital that asked.

Edwin H.B. Pratt, Jr., president of Tobey Health Systems, Inc., notified the Board the proposed plans involve expansion and modernization of the Emergency and Radiology Departments, redesigning and enlarging of the Day Surgery Unit, construction of a Step-Down Unit, renovation of Main II into a Geriatric Care Unit and remodeling of the Laboratory. Pratt writes, "The purpose of the sign is to keep the communities in the area apprised of our progress. The proposed sign will illustrate individuals laying bricks one upon the other, representative of the dollars raised toward our goal of $4,850,000."

WERE NOTIFIED by the Executive Office of Communities and Development that SRPEDD has been selected to receive a $25,000 Strategic Planning Program Grant on behalf of Fairhaven, Marion, Mattapoisett, Rochester and Acushnet for fiscal year 1988.

Chairman DeCosta explained the Board's plan for Mattapoisett is to use the funds towards the Mattapoisett River problems.

RECEIVED A SPECIAL PERMIT from the state Division of Marine Fisheries for the purpose of allowing the Town of Duxbury to take, possess and relay seed and adult shellfish from Eel Pond located in Mattapoisett to the Bluefish River, Eagle Nest Cove and Winsor Wharf in the Town of Duxbury.

Chairman DeCosta noted that contaminated shellfish are the property of the state and are not town-owned; therefore, the town will not be eligible to receive payment for the sale to Duxbury as previously thought.

RECEIVED A COPY OF A LETTER and questionnaire that Robert M. Coquillette, chairman of the Historic District Study Committee, has sent to homeowners in the proposed historic district. The questionnaire asks the resident/owner for opinions on whether or not the committee appointed by the Selectmen should take steps to preserve its small-town quality by having a Historic District and if so where it should be and what regulations, if any, should be applied within any eventual Historic District.

Mr. Coquillette noted a recent survey taken by the Growth Management Study Committee showed overwhelmingly those who answered the study were in favor of "keeping Mattapoisett the way it is".

RECEIVED TWO thank you notes commending police officers for their services. The first, from Ruth Morin, thanked the EMTs for their quick efficient service when her husband, Russell, fell on September 10th. The second letter, from Charles Peck of Medfield, told of the "fine spirit and attitude of Officer Walter Norcross" earlier this year when a friend locked Peck's keys in his car. "Officer Norcross came with an unlocking device and persisted until the car was unlocked", Mr. Peck wrote.

Marion Selectmen's Meeting

OCTOBER 13, 1987-by EUNICE MANDUCA AS A COMMUNITY SERVICE OF THE LEAGUE OF WOMEN VOTERS

The Marion Selectmen met at 6:00 p.m. in order to familiarize themselves with the report submitted by CDM Engineering concerning the water quality of Marion. At 6:30 p.m. the Board of Selectmen met with representatives of CDM, the DPW and many interested townspeople to discuss the report. Tests done over a long period of time on the Main well, Mary's Pond Road well, Wolf Island Road well and East and West wells pin-pointed problems and CDM made recommendations to correct the situation. The total capital investment to bring the water up to acceptable standards is estimated at $247,600. and a yearly maintenance cost of $54,700. This cost include the machinery and modifications to the system which will be necessary. The results will be

a consistent quality and elimination of the extreme corrosiveness in the entire system caused by a very low Ph which will be controlled by a pump which will add the correct amount of chemical according to the rate of flow, year round. The Finance Committee will be working to come up with an acceptable method of financing this project.

At 7:30 p.m. the hearing on the Barros Drive Cafe license was held. There were many persons present to support Mr. Barros and many statements confirming his excellent character and volunteer work for the town over the years. Police Chief Brian Scott stated that the Cafe had not been a problem for the department since the time Mr. Barros had assumed ownership until now, and he felt that findings in cases of license suspension should be consistent. It was agreed that it is impossible to be consistent unless all circumstances are alike in every case. It was stated that the Selectmen are the town fathers and as fathers they must show compassion when it is warranted by events.

Mr. Barros offered to bring to the Selectmen a management schedule for the operation of Barros Cafe spelling out all of the changes which had already been implemented. Selectman Richard Lagreze stated

that Mr. Barros had suffered enough and recommended no suspension of the license. Selectman Ted Pratt moved for suspension until the first of the year with consideration for renewal at that time. It was voted, on Chairman Hoagland's motion, to suspend for 30 days. When questioned by Chairman Hoagland Mr. Barros stated that he could "hang in there" for that period of time.

The hearing was held because of the Cafe not reporting a stabbing that took place there.

At 9:00 p.m. Mr. John Rockwell of the Conservation Commission reported that all Orders of Condition are up to date. He stated that all members are required to review findings before they are concluded. The Conservation Commission had received a report that Victor Brier of County Road was power washing trucks on the Von Mello property and the Commission was concerned because this property is closer to the river. Enforcing Wetlands Protection Act is difficult and DEQE will be notified. There was also a question of potential danger posed by old underground fuel tanks on that site. Chairman Hoagland suggested that the Selectmen could make available part-time secretarial

help to the Conservation Commission because there would then be a person at the Town House during the day to field questions concerning regulations of the Commission when the general public would be seeking guidance and information. The available person is already on staff and could be brought up to speed very quickly but Mr. Rockwell said he prefers to advertise for the position. Executive Secretary Ray Pickles reminded Mr. Rockwell that he had tried that before but no one

wanted the job for a few hours in the evening. There were complaints from previous employees of imprecise job descriptions. When Mr. Rockwell comes up with a precise job description Mr. Pickles will advertise again.

Mr. Pratt suggested a Committee of the Chairmen of the Conservation Commission, Planning Board, Zoning Board of Appeals, DPW and the Health Agent in order to make sure all Town Boards were going by the same rules and try to eliminate the second guessing which frequently goes on because of lack of knowledge or misunderstanding. Mr. Rockwell felt this was not necessary. He said it is not the responsibility of his board to educate others. Mr. Pickles had received a notice from the State requesting copies of the Conservation Commission's minutes of the meetings and Mr. Rockwell said he will attempt to locate the folder and will forward it to Mr. Pickles.

Trudy Weiner appeared with Mr. Rockwell to ask that the Selectmen

QUESTION:
WHY SHOULD ATHLETES HAVE CHIROPRACTIC SPINAL MANIPULATION?

ANSWER: Because it can help their performance.

Many amateur and professional athletes are sidelined with injuries that could be avoided. Others sit it out on the bench because their injury just doesn't seem to respond to ordinary treatment. Still others are playing, but at less than their peak efficiency simply because their structural system is not in balance.

Progressive coaches and trainers are realizing that pain-killing drugs are not the answer. Drugs and medications merely cover up the symptom, deceiving the player into actions which could make the injury more serious.

Probably more than any other health profession, chiropractic's approach to health closely relates to the needs of the sports participant. Most sports involve body contact, leverage, fast starts and stops and positioning that places an unusual strain on the back and structural system. Doctors of chiropractic consider the human as an integrated being, giving special attention to spinal mechanics and neurological, muscular and vascular relationships. Chiropractic is a natural health care method that stresses the importance of keeping all the systems of the body functioning efficiently, so the player enjoys peak performance a minimum injury risk and fast recuperative powers.

Here's what you can do:
- Make certain that your athletes are properly prepared for the sport. Preventive care dictates the wisdom of visiting a doctor of chiropractic for a spinal examination on a regular basis. If the diagnosis shows anything not within the scope of chiropractic treatment, the conscientious doctor of chiropractic will refer the athlete to one of the other health specialties.
- Make certain that a doctor of chiropractic is a member of your health team. Many of the high-performing professional and amateur teams have retained doctors of chiropractic as their team physicians.
- Minimize the use of drugs and medications and utilize natural health methods.

guarantee her new septic system because the Board of Health had OK'd it but Mr. Rockwell felt that it had not been properly designed. She was assured that the Health Agent had the responsibility of making sure that the system was installed according to the engineering plans. If Ms. Weiner had any concerns about the system she should immediately make them known to the engineer who designed the system.

Joseph Zora attempted to clarify the situation by explaining the difference between surface water and the ground water level. Ms. Weiner will confer with her engineer.

BOARD OF HEALTH

Ted Pratt, Chairman, will contact Representative John Bradford and Senator William MacLean concerning the large amounts of salt which are used on Route 195 during the winter. The run-off results in greatly elevated levels of sodium in the Marion water supply and can be a serious health hazard to many users.

Mr. Pratt and Mr. Lagreze will work together to promulgate new regulations for both town requirements and Title 5 State requirements and establish penalties for non-conformance concerning septic systems.

"TALES OF THE HARVEST MOON" STORIES

Storyteller Milbre Burch will appear at the Joseph Plumb Memorial Library in Rochester on Halloween, Saturday, October 31st, at 2 p.m.

Her "Tales of the Harvest Moon" program will be enjoyed by adults and schoolage children.

A well-known storyteller, Ms. Burch skillfully blends movement with words, presenting stories from literature, legend and love. Her return appearance in Rochester is sure to be eagerly anticipated by those who saw her Christmas performances two years ago.

Please join us for an enjoyable hour of Halloween and other stories.

This program is sponsored by the Friends of the Library and funded by the Massachusetts Arts Lottery Council.

Affordable Housing

AFFORDABLE HOUSING DRAWS CROWD TO GROWTH MANAGEMENT FORUM
submitted by PETER KORTRIGHT

Nearly 40 Mattapoisett citizens and officials, including the entire Board of Selectmen, several Assessors and representatives of the Housing Authority, Conservation Commission and Planning Board, turned out Thursday night, October 15th, at Reynard Hall in the Congregational Church to learn more about affordable housing.

The forum, co-sponsored by the Growth Management Study Committee and the Mattapoisett Housing Authority, featured John Klimm, Southeastern Massachusetts Field Coordinator for the Massachusetts Housing Partnership.

The Massachusetts Housing Partnership was formed in 1985 as a coalition of government, business, building trades and banks to encourage Massachusetts' communities to develop their own ways to provide adequate affordable housing for their citizens and employees.

Based on a constitutionally founded public policy that all communities must shoulder their fair share of lower income or "affordable" housing, the Partnership provides special subsidies to developers and low-rate mortgage financing to first time home buyers. There is also a program to encourage affordable rental properties.

Mr. Klimm explained that the Selectmen should seriously consider forming a local housing partnership committee, which could be an existing committee, to develop local plans and guidelines

for affordable housing. The state would provide grants to hire planning staff or consultants toward this end. Only if the town develops adequate plans and guidelines, can they have control over future "affordable housing" developments.

Taking a very bold stance in implementation of the housing policy, the state has developed a process whereby developers who are interested in obtaining state subsidies to build affordable housing at a profit can obtain a "comprehensive permit" which can override all local by-laws, including zoning, if the community refuses to cooperate. The "comprehensive permit" provision is contained in Chapter 40B of the Mass. General Laws and was passed by the legislature in the late sixties.

Mr. Klimm explained that if the town does take action to develop an affordable housing program in Mattapoisett, that it could work with home builders to develop well located and well designed homes or multi-family housing that is tar-

geted for Mattapoisett residents, or for people who work in Mattapoisett but cannot currently afford to live here. Eligible buyers can purchase the housing at 75% of cost with 5% down and a 5% mortgage. When they want to sell, they must sell for only 75% of the appraised value of the property at that time to another individual or family who is eligible for the program. This ensures that the housing stays affordable on into the future but also that the owners have a financial stake in maintaining and improving the housing.

With the shocking spectre of outside developers being able to obtain a "comprehensive permit" and build, say high rise condominiums or large town house developments in Mattapoisett without regard to local by-laws, most of those present at Thursday's meeting appeared to accept the recommendation that the town consider designating a local housing partnership committee to develop the necessary plans and guidelines.

Each of the three Selectmen present told this reporter that they would schedule several discussion meetings soon with town officials and citizens and business leaders to discuss the challenge facing the town. In addition, the Growth Management Study Committee will continue its planning and mapping work so that accurate data will be available for the housing work to come. In a related note, the state

year's parade, which features a bicentennial theme in honor of our Constitution, is promising to be the best ever.

The committee has arranged for the awarding of forty-two trophies in fourteen categories as well as the "Best of Parade" trophy. Entries this year include several area marching bands, exciting equestrian entries along with an assortment of civic and student floats in addition to many marching units, all joining together to honor our veterans on November 11th.

We look forward to seeing all of you at 1:30 p.m. along the parade route from Center School yard, up Barstow Street, east on Hammond Street, south on North Street, east on Church Street, south on Oakland Street, west on Beacon and Water Streets, north on Main Street, east on Church Street and back to Center School.

Please join us at the award presentation at Center School immediately following the completion of the parade.

PATRICIA CONVERSE MCDONALD ENDOWMENT FUND

The Courage to Change the Things I Can ..... and she did - her conviction, fortitude and vitality assisted the Marion Center for Human Services (MCHS) throughout the past ten years. It is therefore with great pleasure the Board of Trustees announce the Establishment of an Endowment Fund in honor of Patricia Converse McDonald's extraordinary contributions during her lifetime.

The objective of establishment of the Fund is not only in the area of a memorial but offers a vehicle for interested tax conscious donors that guarantees retention of its principal with only the derived income available for the Center's operational needs.

The Trustees of the MCHS anticipate

a positive donor response from the Bristol and Plymouth County communities it services.

The non-profit Mental Health organization provides counseling and support group involvement for thousands of individuals, families and business entities in the areas of child abuse, marital/family conflicts, job induced stress, coping techniques for our elderly citizens and most importantly, deals with this country's most devastating disease - one that costs society and corporate America over 50 billion dollars annually, that of substance abuse -- of children, professionals and lay individuals.

Patricia Converse McDonald, a co-founder of the MCHA, was a vital force in the creation of many of its programs. She had dreams for the Center's continual success and expansion to assist in avoidance of the waste and wreckage of human lives that we are all witness to daily. The Trustees of the Center hope that others will assist them in helping you and your families and in transforming Pat's dreams into reality, by generously contributing on behalf of this remarkable woman, to the Patricia Converse McDonald Endowment Fund -- with the courage to change the things you can!

STUDY COMMITTEE URGES RETURN OF QUESTIONNAIRES

The Mattapoisett Historic District Study Committee urges those residents who received questionnaires asking their opinion of possible steps to be taken with respect to an Historic District to return the questionnaires as promptly as possible. Questionnaires were mailed to all residents of the old village and of Cannonville as shown on the list maintained in the Town Clerk's office. The Committee needs these expressions of opinion by those persons who would be directly affected by any eventual Historic District in order to make a proper

This fair is open to everyone in the tri-town area, Marion, Mattapoisett and Rochester, and also to any resident of other nearby towns, even during school hours. Parents with their pre-schoolers and babes-in-arms or stroller are always welcome.

In addition to all the children's paperbacks arranged by age and interest, there will be a special Parents' and Grandparents' Table with the more expensive, gift quality, paperbacks and also hardbacks. This table will also have books on parenting and children's education, and, off the subject, but by special request, cookbooks.

All the book fair profits go to benefit the children at the Sippican School. For example, the purchases that enrich VASE's elementary home Read Aloud program are made with book fair money. Customers benefit, too, by a five percent cost savings as there is no purchase tax at the book fair.

Tri-Town AARP

The Tri-Town Chapter A A R P wishes to extend an invitation to all Seniors of Marion, Mattapoisett and Rochester to meet and hear David Ferreira, Assistant Superintendent-Director of Old Colony Regional Vocational Technical High School, on Tuesday, October 27th, at 1:00 p.m. at the Rochester Town Hall. Mr. Ferreira's topic will be "The Tutorial Program". Refreshments will be served.

AREA LIBRARIES RECEIVE FUNDING TO AUTOMATE

Rosemary Medeiros, Director of the New Bedford Free Public Library, is pleased to announce that the SEAL (Southeastern Automated Libraries) consortium has received $625,000 to automate public libraries in southeastern Massachusetts. This joint automation project will be financed through the Massachusetts Board of Library Commissioners with Title I Library Services and Construction Act monies, a federal source of library funding.

This grant will allow SEAL to purchase the hardware and software necessary to link member libraries

through a central computer. Once this automated system is on-line and conversion of library card catalogs is completed, member library patrons will have immediate access to information on the holdings of any library in southeastern Massachusetts.

The Massachusetts Board of Library Commissioners has also awarded SEAL a $45,000 state competitive grant to complete the conversion of all library card catalogs to a form suitable for automation.

Announcements of these awards culminates two years' work by SEAL libraries, whose staff are now in the process of reviewing demonstrations of various library automation systems. It is hoped that on-line service to SEAL members will begin in the Fall of 1988.

Cities and towns whose libraries are SEAL members include Acushnet, Carver, Dartmouth, Fairhaven, Fall River, Marion, Mattapoisett, New Bedford, Somerset, Swansea, Wareham and Westport.

MEMBERSHIP DRIVE BEGINS

Lloyd Center for Environmental Studies Board of Directors announce the opportunity for corporations and small businesses to join the Lloyd Center as Corporate Members. The opportunity for corporations to join the Lloyd Center was made available by the Board of Directors in order that more people can be served through the Center's education and other public programs and to provide a broader base of support for the many offerings and activities of the Center. Corporate membership co-chairmen George Mock, III and Raymond C. Lantz, Jr. working with other volunteers and Lloyd Center staff, prepared a packet of information on the benefits of Corporate Membership in the Lloyd Center. These information packets are available by calling the Lloyd Center at 990-0505. According to Mr. Mock, "We are very excited about this corporate membership drive. Although many businesses throughout southeastern New England have provided support to the Center, this is the first time we have provided a formal structure

By joining the Lloyd Center at one of four levels, support is given to addressing the areas of research and education at the Center. Working full-time and year-round the Center serves as an information source and as a coordinator of many programs with other agencies, both governmental and private, the media, and the general public on coastal environmental matters. As a not-for-profit organization with a non-advocacy charter, the Lloyd Center attempts to provide educational programs for children through adults and to promote, support and initiate research to generate a public and scientific understanding of the coastal zone in southeastern New England.

Corporations can join at one of four levels, each with its own membership benefits. At all levels of corporate membership the Center will provide copies of the Lloyd Center Newsletter, calendars of events, announcements of special

SMU Chamber Orchestra

CONCERT OCTOBER 25

Southeastern Massachusetts University's Chamber Orchestra will present a free concert October 25th as a gift from President John R. Brazil to the community to inaugurate the cultural season at SMU.

Music by Rossini, Mozart, and Stravinski are among the works to be presented at the "President's Concert", starting at 8 p.m. in the main auditorium of the Campus Center.

Artistic director of the 35-piece orchestra is Dr. Josef Cobert, music professor. Vocal director is Jacqueline Bazinet Cobert, associate professor of music.

Sam Belanger, bass, and William Fields, tenor, will be featured performers. Belanger, a Fall River resident, is a senior music major at SMU. Fields, a Provincetown resident, graduated from SMU last spring with honors in music. He is now studying with Jacqueline Cobert.

Belanger and Fields will sing a duet from Rossini's "Barber of Seville". Belanger will sing an

The YMCA has developed a wide range of exciting youth programs and activities. The YMCA will be offering a youth basketball clinic, gymnastics, sports clinics in floor hockey and flag football and Saturday Morning Sports program for grade school children. There is an introduction to basic cooking for boys and girls in grades Kindergarten through second grade. For the pre-schooler there is a parent-child gym class beginning at age 6 months and specialty programs for the pre-schooler ages 3-5 years, such as gymnastics, cooking and a class called Stories, Songs and Crafts.

The YMCA is offering a variety of fitness programs for its Fall I Session. A new beginner fitness class, Aerobics I, will also be introduced to assist the novice exerciser to build up their strength and endurance safely.

Aerobics II and III are medium and high-level aerobic workouts set to music, while the Flex-Ex program combines calisthenics with other exercises to increase strength, flexibility and muscle tone. A new twenty-minute Noontime Workout is ideal for the working person on the

go. The Water Aerobics program provides exercising in the water. A prenatal and postnatal exercise program, You and Me Baby, is a national YMCA program with safe, proven isometric/isotonic exercises. The Y's Way to a Healthy Back is a very successful class that focuses on muscle relaxation, flexibility and strengthening. The YMCA also will be offering a special exercise program for Seniors at a special reduced rate.

Beginning this Fall, the YMCA is offering the new national pre-school aquatic program that begins with parent and infants at six months and continuing through 5 years. The YMCA offers a progressive swim program for grade school age boys and girls as well as teenagers and adults. Swimming for the Terrified concentrates on those beginners with real apprehensions and fear of the water.

Developing leadership skills in people is one of the goals of the YMCA. The YMCA offers a teen volunteer program, Leaders Club, that is designed to train teenagers to assist in YMCA programs. The YMCA has already begun to form groups from area schools to participate in the Massachusetts YMCA Youth and Government program, a hands-on state government program for high

Beyond War

Beyond War has been conducting an intensive Fall Outreach of dialogue with the public, working to get the message, "War Doesn't Work Anymore", to as many people as possible, including a media blitz on the radio and in the newspapers in New Hampshire and Iowa where the presidential candidates concentrate their early efforts.

There will be a downlink at the SMU Library, North Dartmouth on Saturday, October 24th, from 3:30 to 6:00 p.m.

The purpose of this October 24th meeting will be, first, to describe this campaign; secondly, to describe the activities conducted by Beyond War's interaction with Central America which involved support of the Peace Initiatives in that very troubled part of the world.

Also on the program will be a discussion which will focus on the question, "How will we co-exist with the Soviet Union?"' and an announcement of this year's Beyond War Peace Award. At ceremonies in

Over 20 Years of Engineering Experience

December the Peace Corps will be honored for its 26 years of working directly with people around the world in removing the conditions that cause war. Tens of millions of people in 94 countries have been helped through this remarkable effort.

In 1959 Dwight D. Eisenhower said, "...people in the long run are going to do more to promote peace than are governments. Indeed, I think that people want peace so much that one of these days governments had better get out of their way and let them have it."

The Beyond War movement is a nationwide, non-partisan effort dedicated to building a world where war is no longer used to resolve conflict. The group in this area which actively supports Beyond War is joining other groups all over the country in asking people to attend meetings conducted by satellite from the headquarters in Palo Alto, California, where Beyond War began four years ago.

Beyond War hopes that individuals who are interested in exploring paths to peaceful ways of resolving conflict will join them at the SMU library on the 24th of October.

three years by raising the most amount of money in a Jail-a-Thon. Last year we raised $59,000 and this year we hope to surpass that amount."

The Jail-a-Thon is a unique way to raise money. Willing participants will be picked up at their home or office and hauled off to "jail". While behind bars, prisoners will phone friends, colleagues and relatives to raise bail. All bail money is donated to the American Cancer Society to fund programs of reserach, education and service to local cancer patients.

Last year, a spirited competition between Chamber of Commerce past presidents raised $10,000 in one hour -- a record unsurpassed in Massachusetts! This year, we would like to extend the competition to the entire community.

Mothers of Twins

The N.B. Chapter of the Mass. Mothers of Twins Club will be holding their monthly meeting on Wednesday, October 21st.

Each month we have a speaker, discussion group or social activity and we offer a twin reference library. But, more importantly, we offer the friendship and support of other mothers.

All mothers of multiples are welcome.

Location varies. For more info call Carolyn Overmyer, 758-3218.

The club meets the third Wednesday of each month.

O.C. Adult Program

Old Colony Regional Vocational Technical High School in Rochester is still accepting students into its Adult Evening program in MACHINE SHOP. The course will consist of basic and advanced machine shop practices, including milling, grinding, and jig boring.

Classes will be held on Monday and Wednesday evenings from 5:00 to 8:30 p.m. and the course is scheduled to run for sixteen weeks. A twenty dollar registration fee covers all expenses, including job placement services for those interested in entering the field or up-grading their current position.

This program is not limited to Old Colony district residents. For more information call 763-8011.

VICA RESULTS

The Massachusetts Association of Vocational Industrial Clubs of America (VICA) recently released the statewide results of the national competition conducted last June.

Fifty Massachusetts vocational students received awards in the competition held among 3,000 vocational students across the United States. The competition was conducted in Wichita, Kansas.

Matthew Lopes, Old Colony Regional Vocational Technical High School's representative in the competition received the "Accomplishment Award" for Precision Machining. The "Accomplishment Award" is presented to students who were in the top 25 percent of the national competition. Matthew, who graduated in June, is currently employed by the Pizley-Richards Machine Company.

OLD COLONY RECEIVES GRANT

Recently Old Colony Regional Vocational Technical High School was awarded a Commonwealth In-Service Grant to conduct a Special Education Training Course at the school.

The $2,898.00 Grant will allow the school to offer a graduate level course entitled "Vocational Education Programming for Special Needs Students". The course will be conducted at Old Colony by a faculty member from the University of Massachusetts - Boston.

According to Nancy Castino, the grant convener, the course will assist faculty members in teaching students with learning disabilities. The course is the first in a sequence of five courses leading to certification as a special needs vocational instructor.

Although the Grant was written for Old Colony instructors, teachers from Greater New Bedford Vocational, Upper Cape, and Cape Cod Tech will also attend.

HONOR SOCIETY TO ATTEND WORKSHOP

Eight members of the Old Colony Chapter of the National Honor Society will participate in the Eastern Massachusetts Regional Leadership Conference to be held at Bentley College on Wednesday, October 21st.

The students will join 250 Honor Society members from eastern Massachusetts in various workshops sponsored by the college. The workshops will include sessions devoted to the development of leadership skills as well as opportunities to explore post-secondary opportunities. A total of ten different workshops will be presented.

Whaling Museum

NEW BEDFORD TRANSFORMED: 1876-1917

The change from seaport town to industrial city is the subject of New Bedford Whaling Museum's second bicentennial exhibition, which opens on October 23rd. The shift from whaleships to cotton mills was dramatic; so, too, were the arrival of trolley cars, electric lights, industrial enterprise and industrial strikes -- all the elements of a modern city.

New Bedford Transformed will tell the story of the people who worked and lived in turn-of-the-century New Bedford. The exhibits will portray the decline of the whaling industry, the beginnings of commercial fishing, the arrival of immigrants, the growth of the textile, art glass and other industries, and the arts and crafts movement. By concentrating on a less well-known period of the city's history, the exhibit should be revealing and instructive to New Bedford's residents today.

The Whaling Museum at 18 Johnny Cake Hill, New Bedford is open 9 to 5 Monday through Saturday, 1 to 5 on Sunday. Admission is $2.50 for adults, $1.50 for children 6-14. New Bedford Transformed will be on view from October 23rd through March 20th.

Trip to See Wyeth's Helga

For 15 years Andrew Wyeth created drawings and paintings of his neighbor and friend Helga Testorf. Rarely has an American artist concentrated so intently on a single subject, and never has Wyeth exhibited so many drawings related to a single theme. This collection of works is soon to be on exhibit in Boston at the Museum of Fine Arts.

Coming to The Zeiterion

THE CHINESE CHILDREN'S PALACE OF HANGZHOU will delight Zeiterion audiences with their brilliant dancing and mind-boggling acrobatics on Thursday, October 29th, at the special family time of 7:30 p.m. Their appearance is sponsored by Merrill Lynch. Tickets are priced at $16.00, $13.00 and $10.00 with a $2.00 discount for senior citizens and students. For more information on tickets, group packages and season subscriptions, call the Zeiterion Box Office at 994-2900. Tickets are also available at all Ticketmaster locations.

The "Children's Palaces" of China are where these extraordinarily talented young people develop their skills in the traditional arts of music, dance and acrobatics. After graduating to special cultural schools, youths such as the boys and girls in the "Chinese Children's Palace of Hangzhou" are ready to become professional dancers, singers, musicians, actors, acrobats and graphic artists. The young artists in this exceptional company have been specially chosen to represent Zhejiang Province in this "youth cultural delegation".

Ranging in age from 10 to 18, members of the company originate principally from the Zhejiang School of Performing Arts, and also from the celebrated Hangzhou Teenage Acrobatic Troupe.

The ensemble will perform a program of Chinese classical and ancient folk music intermingled with national and regional dances, and breathtaking acrobatics. The musicians play traditional instruments such as the dizi (Chinese flute),

pipa (Chinese lute), yangqin (hammer dulcimer) and erhu (two-stringed fiddle), which give the music a pure, delicate sound.

The acrobatic acts of the Chinese Children's Palace of Hangzhou range from the spectacular to the humorous. The "Lion Dance" vividly portrays the boldness, quickness and playfulness of the lion. In the "Comic Show", the young acrobat Shao Gang imitates the famous master of comedy, Charlie Chaplin. "Spinning Plates" has been expanded to require the performers to maintain their footing on five precariously balanced benches which are supported by other acrobats' feet, and then bend down to pick up flowers in their teeth while still spinning all ten plates. Then there is the incredible "Pagoda of Bowls", a fine art which has been passed from mother to daughter over centuries.

Others events to come in this season's Merrill Lynch International Series are Canadian singer Gordon Lightfoot on November 18th, and international renowned pantomimist Marcel Marceau on March 5th.

The Zeiterion Theatre is located at 684 Purchase Street in historic downtown New Bedford.

Robert Black, one of the most versatile and innovative performers on doublebass and bass guitar, will appear in concert for the final in a series of "Electric Autumn" concerts at the Rotch-Jones-Duff House & Garden Museum

Mr. Black combines classical doublebass pieces along with those composed for a Steinberger bass guitar, computer, video, digital electronics and signal processing in his new music concerts. He is also a member of the Hartford Symphony and faculty of the University of Connecticut.

The October concert series is sponsored by Fairhaven Savings Bank. There is no charge for admission to the concert. The Museum is located at 396 County Street in New Bedford and ample parking is available on-street or at the nearby Swain School parking lot.

FAMILY DAY

A "Family Day" will be held on Sunday, October 25th, from 1:00 to 4:30 p.m. at Heritage Plantation of Sandwich. Families are invited to participate in a special program of music, storytelling, and fall decoration workshop.

Beginning at 1:00 p.m. horticulturist Jeanie Gillis will be instructing a workshop in ways to make a home decoration appropriate for the fall season. All materials will be provided by the Museum. Those interested should meet in the Old Barn Gallery on the grounds.

Promptly at 2:00 p.m. "Folk Spirit" will be performing in the major buildings of the Museum. Nancy Dickson, a professional artist, Emy Foster, a toy store owner, and Christis Lowrance, a freelance writer, have been performing together around the Cape for nine years. Their repertoire

consists of authentic folk music, original songs and religious music. They will perform first at the Art Museum with songs inspired by the Scrimshaw Exhibition. At 2:30 p.m. the group will perform in the Military Museum presenting songs from the Civil War. "Folk Spirit" will end its program in the Round Barn at 3:00 p.m. performing musical arrangements related to the Antique Automobile collection.

At 3:30 Len Cabral, storyteller, will perform in the Round Barn. Cabral will take the audience to places near and far as he draws everyone into the magical world of storytelling. His tales will move from West Africa to the Cape Verde Islands; from Europe, India and the Middle East, back home again to Black and Native America.

"Family Day" programs are free with museum admission. No prior registration is necessary. Bring the entire family and enjoy the last day the Museum is open for the 1987 season.
